

# Construction Update: Temporary Grandville Avenue Closure

Interested in following along with Village construction projects, as well as regional road construction projects? The Village of Gurnee provides an update of local projects on a periodic basis. You can also check out the [Road Construction Updates webpage](#).

## Temporary Grandville Avenue Closure - Monday, July 23rd, 2018

### Project Description

A section of Grandville Avenue between Northwestern Avenue and the railroad tracks will be temporarily closed on Monday, July 23rd in order to facilitate the urgent replacement of an underground pipe. The closure will close access to the railroad crossing at US-41 and Grandville Avenue and will require closure of the on ramp during the construction period. Construction is anticipated to be completed within the day on Monday, weather permitting.

The attached map highlights the detour during the closure. Please use the detour to Sunset Avenue during the closure period.
