Re: Village of Gurnee Notary Policy - 2025

Purpose of Notary Service

The purpose of notarization is to prevent fraud and forgery. A notary is an unbiased witness to verify the identity of a person signing an official document. Notaries will not provide legal advice or counseling regarding documents.

Village Notary Service Restrictions

The notary service provided by the Village is limited. The Village notary service is provided as a convenience to residents. A specialized notary will be needed for many types of legal and technical documents. The Village notaries are instructed to refer residents to another notary if they are not 100% sure that a particular document may be notarized at Village Hall.

The Village is **not able to notarize** the following types of documents:

- Documents related to property transactions (deeds, mortgages, loans, etc.)
- Documents related to transfer of wealth (wills, trusts, etc.)
- Village forms and applications. The Village notaries are not permitted to notarize documents for programs/actions that they are responsible for administering.
- Federal I-9 (employment eligibility verification form)
- Secretary of State Apostille forms (certifies that a document from one country may be considered valid in another)
- Certified copies of documents (must be certified by the holder/issuer of the document)

The Village of Gurnee reserves the right to refuse notary service at any time. All patrons using the Village notary services agree to hold the Village notary and the Village of Gurnee harmless from and against any and all claims and damage arising out of or resulting from any and all errors and omissions in the terms and conditions incorporated in the documents executed by the patron and from and against any and all claims and damages arising out of or resulting from any dissemination, distribution and copying of communication in any from between the patron and any other person or entity by any unauthorized person or persons.
