Conditions and Policy

Person(s) desiring to use Village water for construction or landscaping purposes shall complete an application. Upon permission being granted an account will be created by the Department of Public Works. All water used is charged at the current water rate per 1,000 gallons or fraction thereof plus an administrative service fee of \$2.60/1,000 gallons. It shall be the responsibility of the authorized person as indicated below to reimburse the Village of Gurnee for any damages to the meter, valves, hoses or other accessories that may result from misuse or neglect. The undersigned agrees to pay any replacement and/or repair costs within fourteen days of invoice.

Initials

No water shall be taken from any Village station without the above conditions being satisfied.

I have read and have the authority to agree to the conditions set forth herein on behalf of the applicant, including the responsibility to pay for any charges incurred.
